

## Lesson 50 – Admit

October 30, 2023

What does admit mean? To confess acknowledge the truth or existence of something.

### Small Group Questions:

1. What's something you learned about the story that you'd never heard before? If this happens to be the first time you've heard this story, what surprised you most, and why?
2. What's the most relevant aspect of the story to your own life?
3. Why is it “not enough” to simply determine to stop sinning in your life? Why is it so important to admit our faults to another safe person?
4. For you, what's the hardest aspect when you think about admitting your sins to someone?
5. Think of a time when you “came clean” and admitted a wrong you did to someone—how did that impact your life and your relationships?
