

**LONG HOLLOW  
CHURCH**

## **Senior Adult Care Team Guidelines for Visiting Facilities**

1. Two or more adults should always be present during in-person contact with facility residents. An adult must accompany children.
2. All in-person contact with individuals and visits to facilities should be during daytime/recommended hours (Tues., Thurs., Fri., Sat., beginning at 10:30 AM, with none overnight).
3. Only medical professionals employed by the facility may administer medications. Volunteers may not administer medications or provide personal hygiene services, i.e. bathing, changing clothes, etc.
4. Volunteers should check with facility staff (Life Enrichment Coordinator or nurse) before providing food assistance or snacks.
5. Volunteers should coordinate with staff (Life Enrichment Coordinator) before joining or starting any group activity.
6. Consider a modest approach to clothing, as this will help connect you to those you are visiting. (Know your audience!)
7. A criminal background check must be completed through Long Hollow Church and notification of approval received for persons 18 and over before participating.

8. If a conflict arises between the LH Care Ministry Team, facility staff, and myself, I agree to resolve the dispute outside the secular court system through biblical reconciliation under submission to and the direction of Long Hollow Church's Deacon body representatives. (1 Cor. 6:1-8)
9. Privacy is essential. Please do not share names or any personal information with others outside the facility.
10. Be aware of illness signage on the doors of individual rooms. Do not enter a room with an illness sign on the door.
