

**LONG HOLLOW
CHURCH**

WRAP Family Guidelines

1. Two or more adults should be present at all times during in-person contact with the family/children.
2. All in-person contact with your family should be during daytime/evening hours (none overnight).
3. Only parents/guardians may administer medications.
4. We realize fostering/adopting can add extra financial responsibilities to your family. While the WRAP Team is here to help, please contact lily.old@longhollow.com for financial assistance needs. Long Hollow Benevolence is available to help with needs as appropriate.
5. Please inform all volunteers of snack/food allergies and guidelines. Volunteers should check with you before providing any food or snacks.
6. Discipline is the responsibility of parents/guardians. Please inform volunteers of any disciplinary guidelines before and during respite care.
7. Diapering should only be done by female volunteers (18+) with 2 people present at all times. We ask that they wash their hands before and after. Please discuss sanitary and safety precautions with all volunteers who will be changing diapers.
8. If a conflict arises between the WRAP family member and a WRAP volunteer, both parties agree to resolve the dispute outside the secular court system through biblical reconciliation; under submission to and the direction of Long Hollow Baptist Deacon body representatives. (1 Cor. 6:1-8)

I agree with the above statements _____

Please check in quarterly and share updates with Ashlyn Miller, our volunteer WRAP coordinator, at ashlynmkmiller@gmail.com.

Acts of Service Suggestions Wrap Volunteers are encouraged to provide:

Provide a meal
Assist with house cleaning
Help with Yard Work
Plan a fun day for the family
Invite the family to dinner/group events

While the above are suggestions for WRAP Teams, we realize each family has individual needs and desires. Please don't hesitate to share ideas and requests with your WRAP Team and make a plan together, starting with prayer.
